Want to find a machine? IBmachine is a large platform that offers a wide specter of new and used machines covering all international manufacturers and offers direct access to the list of major companies in the field. Here you will be able to quickly find the needed machine tools and equipment, either new or used.

It also opens great opportunities for machines that come from auctions, liquidations and bankruptcies.

IBmachine was created to ease up the search process of the right machine tool for you as well as assist with the quick selling of your own machines.
